# *The Central Coast Social Golf League*

Born from demand of their regular customers, the team at FOREplay Golf has created the Central Coast Social Golf League.

Running a weekly Wednesday Night Social Comp, the community wanted a day out on a course together, which happened at Newcastle Golf Club in January 2023.

The feedback was so positive that it became a regular outing with another 10 rounds booked, spanning all 18 hole courses on the Central Coast.

In 2024, we're branding our outings as the Central Coast Social Golf League to give a brand, and to expand the social group to anyone looking to join. As the events grow, the opportunity for more prizes increases.

One of the Central Coast Social Golf League's points of difference from other social groups is that we aim to get those with an official handicap into the club's competition where possible, and for those without one, we track your results to calculate a handicap based on the same calculations as an official handicap. This makes for an even playing field and equal competition.

The Order of Merit for the 2024 season rewards those who play regularly with a chance at season prizes! Every round offers opportunities to gain more points across a season.

We welcome on board partners in Drummond Golf and Coast Sport, two local, professional companies supporting our community.
